

Become a Community Partner

Dear Friend,

Will you sign on as a Pink Roses Teal Magnolias Community Partner and join the fight against breast and gynecological cancer?

MD Anderson Cancer Center at Cooper and the Pink Roses Teal Magnolias Host Committee need your help in raising one million dollars for our 10th Anniversary.

Fighting women's cancer for a decade isn't just a tagline. It's the power of hope and the strength of sisterhood, touched by the exceptional and compassionate work at MD Anderson at Cooper. There's still a lot of work to do. Your organization can make a difference – raising awareness about women's health and raising funds to find a cure.

Our community partners are creative, committed and generous. No effort is too big or too small. The funds we raise always stay local – supporting the vital work of MD Anderson at Cooper.

Here's how you can help:

- Hold a shopping event at your store or business and donate a percentage of the proceeds to Pink & Teal
- Host a dress-down day at your school or workplace – employees donate for the opportunity
- Sell raffle tickets - this year's prize is *first class* roundtrip airfare for 2 from United Airlines
- Dine for Dollars and open your restaurant to a Pink & Teal "ladies night out"
- Pledge your company's fundraising efforts for Breast or Gynecologic Cancer Awareness to Pink & Teal and energize your employees and customers
- Create a signature idea of your own – with proceeds donated to Pink & Teal.

And while you are "doing good," we will applaud you on our website, social media and in our ad book. There is no better way to participate in Breast (**Think Pink**) and Gynecological (**Think Teal**) Cancer Awareness months.

A Community Partnership Pledge and samples of how other Community Partners have joined our cause is attached. Please do not hesitate to contact Tara Elk at 856.583.2162 with any questions. All Community Partnership forms should be emailed to elk-tara@cooperhealth.edu.

Be a part of the life-saving care and research that takes place at MD Anderson Cancer Center at Cooper – it only takes one idea to make a big impact.

Sincerely,

Susan Bass Levin
President and CEO
