## Become a Community Partner

Dear Friend,

**Will you sign on as a Pink Roses Teal Magnolias Community Partner and join the fight against breast and gynecological cancer?**

Pink Roses Teal Magnolias is the power of hope and the strength of sisterhood, touched by the exceptional and compassionate work at MD Anderson at Cooper. There's still a lot of work to do. Your organization can make a difference – raising awareness about women's health and raising funds to find a cure for breast and gynecological cancer.

Our community partners are creative, committed and generous. We welcome the opportunity to partner with organizations who share our passion for making a difference. No effort is too big or too small – because everything you do brings us closer to making cancer history.

Here's how you can help:

- Hold a shopping event at your store or business and donate a percentage of the proceeds to Pink & Teal
- Host a dress-down day at your school or workplace – employees donate for the opportunity – and maybe encourage your patrons to give
- Selling raffle tickets – this year's prize is *first class* roundtrip airfare for 2 from United Airlines
- Dine for Dollars by donating a percentage of all curbside or takeaway orders for the day
- Pledge your company's fundraising efforts for Breast or Gynecologic Cancer Awareness to Pink & Teal and energize your employees and customers
- Create a signature idea of your own – with proceeds donated to Pink & Teal.

And while you are "doing good", we will recognize you with a special sign to place in your business and applaud you on our website and in our ad book. There is no better way to participate in Breast (**Think Pink**) and Gynecological (**Think Teal**) Cancer Awareness months.

A Community Partnership Pledge and samples of how other Community Partners have joined our cause is attached. Please do not hesitate to contact Jessica Hreno at 856.583.2161 with any questions. All Community Partnership forms should be emailed to [hreno-jessica@cooperhealth.edu](mailto:hreno-jessica@cooperhealth.edu).

**Be a part of the life-saving care and research that takes place at MD Anderson Cancer Center at Cooper – it only takes one idea to make a big impact.**

Sincerely,

Susan Bass Levin  
The Cooper Foundation

We welcome the chance to partner with those who share our passion for giving back, so please get involved today!

***It only takes one idea to make a big impact!***
