— Same Fight...Different World! —

The Pink Roses Teal Magnolias Host Committee and the top-notch team at MD Anderson Cancer Center at Cooper need your help in the fight against breast and gynecologic cancer. A global pandemic forced many of us to slow down, change our daily life, and keep our families safe from an invisible disease, but cancer did not stop. Our doctors and nurses did not stop caring for patients. Our patients did not stop fighting – and neither can we.

At its core, Pink & Teal is a healing movement fueled by the strength of sisterhood and survivorship, inspiring thousands to support the fight against cancer and giving hope to survivors across the region. COVID-19 has changed so much about our world. However, adjusting to a "new normal" is nothing new to cancer survivors and their families. We have seen the resilience of survivors first-hand and that is why we must carry on with our mission to find a cure for women's cancer once and for all.

Now, more than ever, we need your help. This year will look a little different, but our spirit and determination has not changed. Our patients are relying on the support of our community to continue the fight. Please be as generous as you have in the past, or if this is your first time, welcome to Pink & Teal! **Cancer is relentless, and so are we.**
